Alexander, AR 72202

Dear Mr. Speight:

The Department of Health conducted a health and environmental survey at the Alexander Youth Services Center on February 28, 2011. The survey team consisted of personnel from the Protective Health Codes and Health Facility Services and the office of Oral Health.

Guidelines for the survey were derived from the **Standards for Juvenile Correctional Facilities**. Rules and Regulations pertaining to General Sanitation, the Arkansas State Plumbing and Mechanical Codes and Controlled Substances and the Arkansas Dental Practice Act were also used during the survey.

The facility met the requirements for 4A07 related to Food Service sanitization and health codes enacted by state or local authorities.

There were no deficiencies cited during the survey.

If you have any questions, you may contact Brenda Wright or Robby Reddish at (501) 661-2201.

Sincerely,

Brenda Wright, RN
IDR Program Assistant
